

Non-RFID PVC Poker Card

SKU:	RS-PVC-8863
Characteristics:	Waterproof and Tear-Resistant
Industry:	Entertainment
Applications:	Casinos, Magic Shows, Gambling, Daily Entertainment

The 88×63×0.34 mm Non-RFID Playing Cards are precision-made from premium PVC plastic, delivering long-lasting durability and complete resistance to water damage. Their superior material ensures that the cards retain shape and smoothness even under intensive use, making them perfectly suited for casinos, professional poker tournaments, magic shows, and casual gaming alike.

Engineered to outperform traditional paper decks, these cards resist bending, tearing, and marking. Their smooth surface not only guarantees a refined playing experience but also helps prevent unfair play by reducing the risk of card marking. Offering both cost efficiency and professional-grade performance, these PVC cards establish a higher standard for reliability and integrity in gaming environments.
